HEY KIDS!

The finalists for the 2018 New Zealand Book Awards for Children and Young Adults have been announced. Readers all around the country are celebrating them. They are the best books published for children this year!

HELL Pizza is celebrating these awesome books too! If you love pizza and great books, just like us, then you need to collect a pizza wheel to start reading your way to FREE pizza. Check out the HELL Reading Challenge page at the back of this booklet, or ask your local public or school library how you can get involved.

We've made this booklet of fun activities to give you some ideas about how you can use the finalist books to discover more about reading, writing and learning from great books. There's an activity from at least one book in each of the finalist categories, but you can also come up with your own ideas and activities for the other books.

Remember to check out what's happening at your local library over the school holidays. And have fun reading!

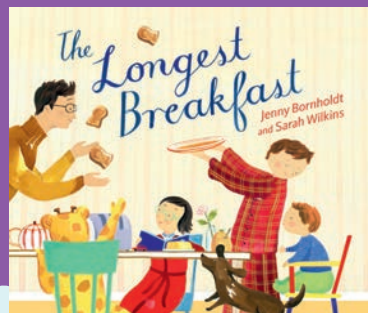

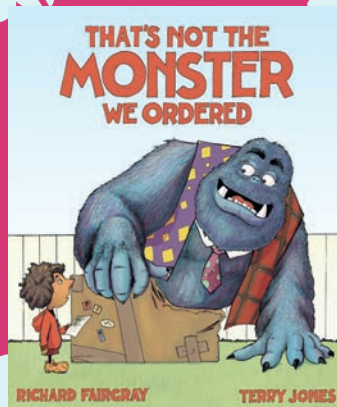

**HASTINGS
DISTRICT
LIBRARIES**

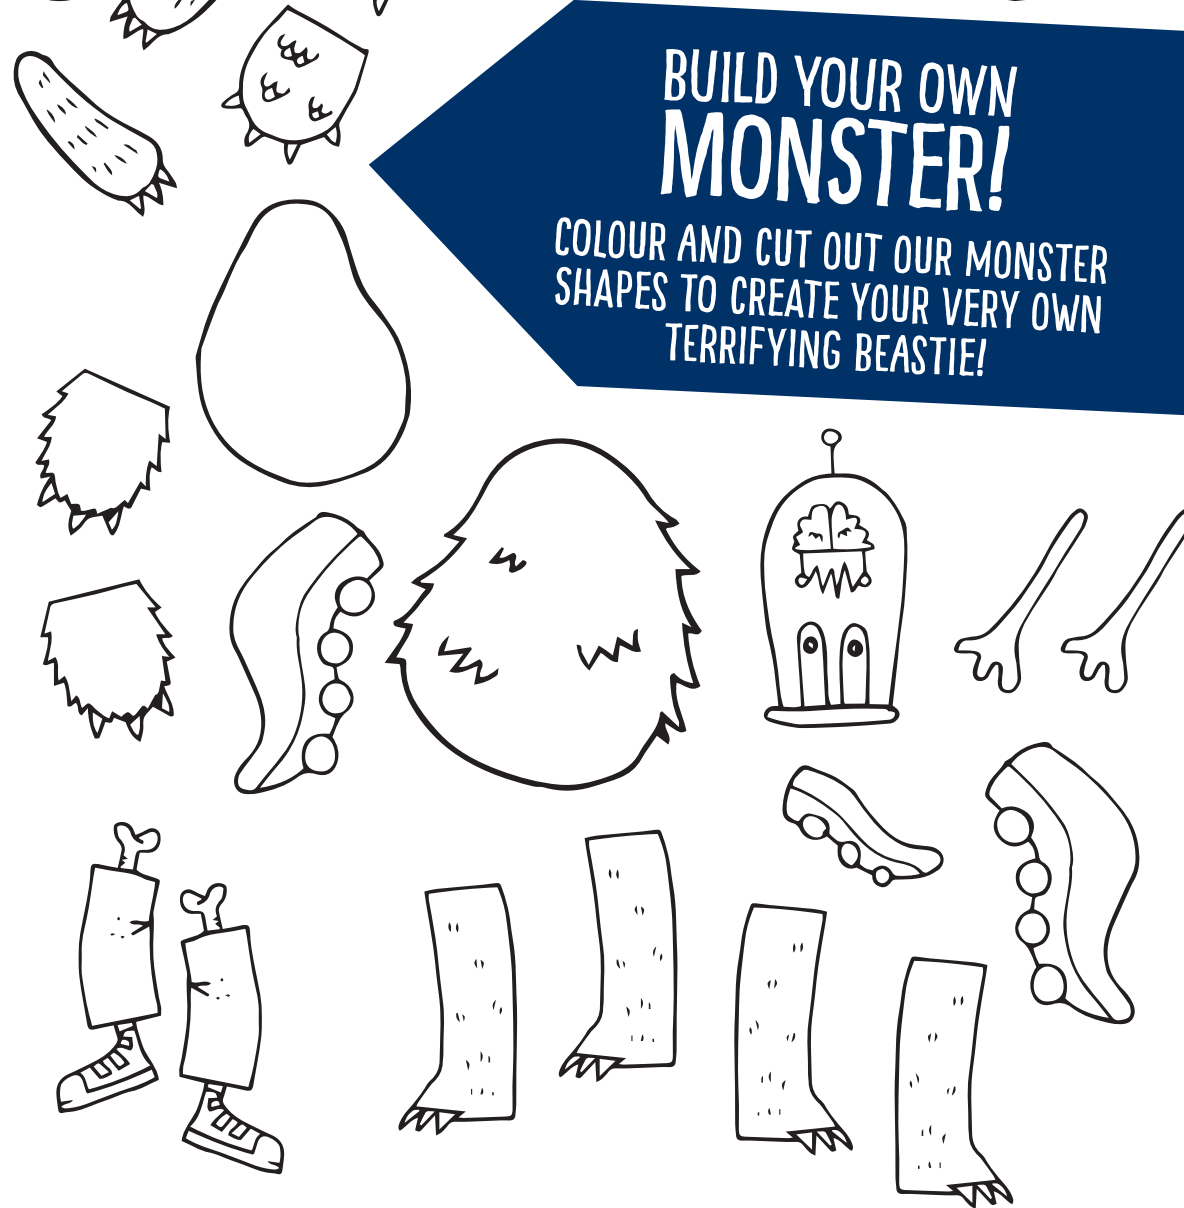

Thanks to the Learning and Discovery Team at Hastings District Libraries, who devised the activities in this booklet

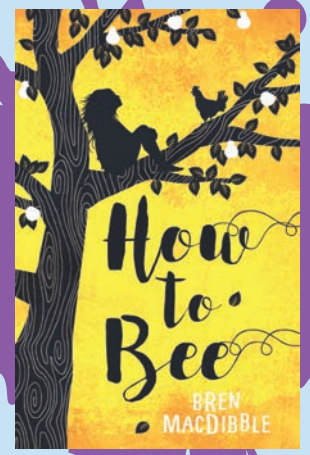

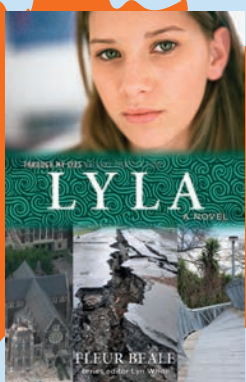

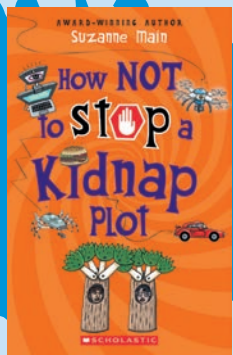

PICTURE BOOK AWARD

JELLYFISH, HORSES, GRANNIES, MONSTERS AND DOUGHNUTS!

BUILD YOUR OWN MONSTER!

5. HOLDING IT BY THE SKEWER, MOVE THE TUI UP AND DOWN TO SEE THE WINGS MOVE!

BEST FIRST BOOK AWARD

CORN BEEF STEW, ROAST PENGUIN, FIRST LOVE, STEAMPUNK AND SADNESS!

INTO THE WHITE BY JOANNA GROCHOWICZ

TELLS THE EPIC TALE OF THE TERRA NOVA EXPEDITION TO ANTARCTICA.
IN ANTARCTICA, THERE IS ICE AND SNOW EVERYWHERE.

Ice and snow both create crystals as they form. When they melt, you're left with a wet, cold puddle. Here's a science experiment you can do to make crystals that last a little longer.

HANGING BORAX CRYSTALS

YOU WILL NEED:

- 1 cup boiling water
- ¼ cup Borax
- Pipe cleaners
- Ice block stick or a spoon
- A heatproof jug or jar with a wide mouth (something like a Pyrex Jug works well)
- An adult

METHOD

Step One: Mix your boiling water and your Borax in your container, until the borax is all dissolved.

spoon across the top of the container so that your shape hangs down.

Step Two: Create a shape using your pipe cleaner. You can do anything you like as long as it fits in the jar and there's some space left around the sides.

Step Five: Watch and wait! Our crystals had started to grow within a few hours but the longer you leave them, the better they get.

Step Three: Attach your pipe cleaner to your popsicle stick or spoon.

You can use your finished crystals as decorations, on a Christmas tree or just in the window.

Step Four: Lower your shape into the container, making sure it is fully under the water. Rest the Popsicle stick or

PLEASE NOTE: THIS EXPERIMENT USES VERY HOT WATER AND BORAX. GET AN ADULT TO HELP WITH THESE!

TRY ADDING FOOD COLOURING TO YOUR WATER. DOES IT CHANGE THE WAY YOUR CRYSTALS LOOK?
